

Sponsor a Patient

Rotary Project # 7/2007 -8

The Aussi Bangla Smile project has treated 421 patients to November 2011. For just \$200 you could sponsor someone in need of surgery in Bangladesh changing the life of that person and the lives of their entire family. It is one of the best things you will ever do. These patients (mostly children) are considered outcasts in the community and are unable to attend school or socialise with other children. The older patients are often unable to find employment or marry without this surgery and are shunned by society. The operations performed by the Aussi Bangla Smile Team mean the children can now go to school, get jobs and marry and they are no longer outcasts. The team is planning to head off again in March 2013.

Before

After

What does my sponsorship pay for?

- Return transportation for the patient and a carer from their village to the Hospital
- The full cost of the operation including operating suite, anesthetic, medication, supplies & equipment
- All Meals for the patient & carer
- Accommodation and care in a Bangladesh hospital

What does a sponsor receive?

- Information on your patient
- A before and after surgery photo
- An Aussi Bangla Smile 2013 Project Report
- A tax deductible receipt from Rotary RAWCS (*only one receipt per sponsorship will be provided*)

For group sponsorship, please designate a sponsorship coordinator who will receive all correspondence on behalf of the group. For further information please contact Judy Barlow (mobile: 0435441140) or email info@aussibangla.org.au

I would like to sponsor a patient for the Aussi Bangla Smile 2013 Project visit.
